EDUCATION

Galgotias University

Bachelor of Technology in Computer Science and Engineering

2024 – 2028

Greater Noida, India

- **CGPA: 8.58/10**

TECHNICAL SKILLS

Languages: Java, Python, SQL, JavaScript

Web Technologies: HTML, CSS, React, Tailwind CSS, REST APIs

Database: MySQL

Tools: Git, GitHub, VS Code, Postman, Maven

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming, DBMS, JDBC

PROJECTS

AI Job Copilot – Resume Analyzer & Job Tracker

Python, Flask, PyPDF2, SQLite, REST APIs

- Built a Flask-based resume analysis system that extracts PDF text and compares resumes against job descriptions using **section-aware keyword extraction, stopword filtering, phrase normalization, and weighted skill scoring**.
- Developed REST APIs for **resume upload and analysis** and a SQLite-backed job tracker supporting **CRUD operations** for company, role, and application status.
- Implemented **skill matching and missing-skill detection** with phrase-aware handling for technologies such as **Spring Boot** and **REST APIs**.

AI-Powered Personal Finance Tracker

Java, MySQL, Gemini AI, Maven, OkHttp

- Engineered a full-stack Java application using a **3-tier DAO/Service/Model architecture**, separating business logic from MySQL persistence.
- Integrated **Google Gemini AI (gemini-2.5-flash)** via REST API using OkHttp and Gson to provide personalized financial advice from transaction data.
- Implemented **BCrypt password hashing** with salt factor 12, masked console input, and secure credential storage using a gitignored configuration file.
- Built transaction workflows for **adding, viewing, filtering by category/date, and monthly summaries** with persistent MySQL storage.

ACHIEVEMENTS

3rd Position – DevFussion Full Stack Development Hackathon

April 2026

- Contributed to frontend development using **HTML, CSS, JavaScript, React, and Tailwind CSS**; built dashboard navigation, forms, UI components, and responsive layouts.
- Tested **UI flows and responsive behavior** and collaborated with a 3-member team at the hackathon organized by the **Department of Computer Science and Engineering, Galgotias University**.

CERTIFICATIONS

HCL GUVI: Object Oriented Programming; Java for Beginners; C Programming; Computational Thinking
